

Radian® 2024

An Industry First

The original all-in-one convertible car seat loved by parents for its 3-across capability and steel core.

In 2023, more parents throughout North America chose a Radian® than ever before.

Diono is thrilled to launch the Radian® 3R® Max and Radian® 3RXT® Max. With our simplest and quickest installation yet, these seats are packed full of safety and comfort features. Don't worry, they still go 3-across and include an automotive-strength steel frame.

What Features are New?

Radian® 3R® Max, and Radian® 3RXT® Max

10 position easy adjust SleepyCheek™ headrest, with built in Side Impact Protection

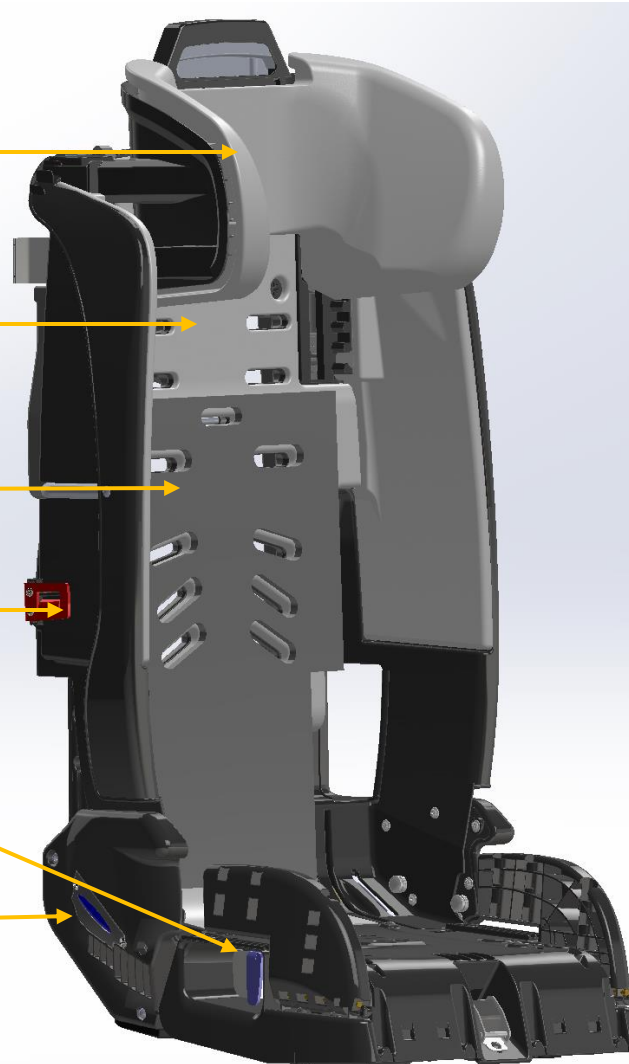

An additional 6th harness height position for product use longevity

Automotive-strength steel core

4 EasyPath® seat belt lock-offs (2 on each side) for simple secure installation forward or rear facing

2 built-in bubble level indicators (1 on each side) for simple rear facing installation

2 recline positions

What Has Changed?

Radian® 3R® Max, and Radian® 3RXT® Max

Updated Weight and Height Ranges:

Rear-Facing

5-50 lbs. (2.3-22.7 kg)
18-44 in (45.7-111.8 cm)

Forward-Facing Harnessed

26.5-65 lbs. (12-29.5 kg)
30-49 in (76.2-124.5 cm)

Belted Booster

40-100 lbs. (18.1-45.3 kg)
40-57 in (101.6-144.78 cm)

For a simpler and safer installation every time...

We removed:

- ✗ **NO** Rear-facing base needed for rear-facing
- ✗ **NO** SafeStop® needed for forward-facing
- ✗ **NO** Lap belt cushion needed for lap belt only installs (USA only)

We added:

- ✓ **YES** Always use top tether on forward-facing installations, both harnessed and booster.
- ✓ **YES** Always use lower latch in booster installs to prevent movement of seat when a child is not using it

Radian® 3R® Max, and Radian® 3RXT® Max Comparison

The Radian® 3R Max includes our Comfort Travel Kit (2 harness pads, 1 buckle pad, head cushion, seat cushion, 2 cupholders)

The Radian® 3RXT® Max includes 3 stage newborn protection (2-in-1 infant insert and newborn travel high wedge) Bonus, comes with 2 cup holders!
